TIMELESS

To provide our users with cutting edge tools in organization and planning, fit for the changes of everyday life.

Team 07

The problem

- Overwhelmed with constant work, it's easy to find ourselves disorganized.
- Current solutions are hard to keep updated and clunky to use

The solution

- Innovative, single column stream of your life
  - TimeLess let's you see your life in a quick glance
- Four main areas we keep track of in our lives
  - **General Notes** - small bits of info to remember for later
  - **Events** - Commitments, activities, meetings...etc
  - **To Do** - Add and keep track of tasks that need completion
  - **Assignments:** Upcoming tests or homework due dates
